

## Desktop Microphone

### In brief

The desktop microphone is simple and intuitive to use with a large integrated hand operated push to talk key and internal microphone pre-amp. It is ideal for use in control environments where desk space is at a premium or where an extra microphone and PTT are required.

### Compatibility

The desktop microphone is compatible with the following AWCSL products.

- DRC-1s desktop controller
- DRC-1/32 desktop controller
- DRC-U audio interface
- TRICX-AIU audio interface

### Dimensions

The unit measures 68mm width x 150mm depth x 164mm height. It is fitted with a 1.8m cable.

*In the interests of continued development, AWCSL reserve the right to change this specification without notice.*
