RoHS Compliance

1. The Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment Regulations 2005 (“the RoHS Regulations”) implement the provisions of the European Parliament and Council Directive on the Restrictions of the use of certain Hazardous Substances in electrical and electronic equipment (2002/95/EC) (“the RoHS Directive”).
2. The RoHS Regulations ban the putting on the EU market of new Electrical and Electronic Equipment (EEE) containing more than the permitted levels of lead, cadmium, mercury, hexavalent chromium and both polybrominated biphenyl (PBB) and polybrominated diphenyl ether (PBDE) flame retardants from 1 July 2006. There are a number of exempted applications for these substances.
3. A.W. Communication Systems Limited, ensure that their products – and the components and subassemblies of such products – will comply with the requirements of the Regulations by the relevant date in order to be put on the Single Market.

A. Charlton

Managing Director
